

St. John's Hospice

2016-17 Objectives

1. Increase the number of parishioners who will volunteer to make a casserole, understanding that the commitment as to the number of casseroles and frequency of casseroles cooked will vary with each individual. This flexibility can fit almost any schedule. Promote the "Fill the Freezers" campaign three times per year to reach new cooks and encourage those who have cooked in the past.
2. Coordinate another 1,000 Meal Challenge in partnership with the Aid for Friends Ministry. This is another opportunity to reach new and former cooks.
3. Work with St. John's Youth Group and St. John's PREP classes to encourage students to help feed the hungry by making casseroles for St. John's Hospice.
